Quiz #	Grade																																																						
#1 Deuteronomy 11:18	_____																																																						
#2 Matthew 17:20	_____																																																						
#3 2 Peter 3:9	_____																																																						
#4 Hebrews 11:6	_____																																																						
#5 Jg. 2:13; 1 Cor. 10:21-22	_____																																																						
#6 Luke 16:31	_____																																																						
#7 2 Corinthians 6:14	_____																																																						
#8 Jeremiah 29:10	_____																																																						
#9 Jeremiah 29:11	_____																																																						
#10 Mark 9:42	_____																																																						
<b>Average Grade:</b> <i>Add up all quizzes, divide by 10</i>	_____																																																						
_____ <i>Signature of Student</i>																																																							
_____ <i>Signature of Teacher</i>																																																							
Test	Grade																																																						
Test 1	_____																																																						
Test 2 (Mid-term)	_____																																																						
Test 3	_____																																																						
Test 4 (Final)	_____																																																						
<b>Average Grade:</b> <i>Add up all tests, divide by 4</i>	_____																																																						
<b>PROJECTS</b>																																																							
<b>Project</b>	<b>Grade</b>																																																						
#1 Jewish Custom	_____																																																						
#2 Non-Jewish Custom	_____																																																						
#3 Dominant Leader	_____																																																						
<b>Average Grade:</b> <i>Add up all articles, divide by 3</i>	_____																																																						

To calculate the final grade for the class, follow these two steps:

STEP 1:

Plug in the average grades into this formula:

\_\_\_\_\_ x .15 = \_\_\_\_\_ (#1)  
(Avg. grade for all **quizzes**)

\_\_\_\_\_ x .7 = \_\_\_\_\_ (#2)  
(Avg. grade for all **tests**)

\_\_\_\_\_ x .15 = \_\_\_\_\_ (#3)  
(Avg. grade for all **projects**)

STEP 2:

Add 3 products together for the final grade:

(#1) \_\_\_\_\_

(#2) \_\_\_\_\_

+ (#3) \_\_\_\_\_

(Final Grade)
