

## - Overview -

**You may complete the course as provided or you may modify it to best fit your situation and need.**

**The Way of Life Bible courses are for teachers and students to download and use in classes and for individuals to download for self study.** The individual or teacher is free to adjust the materials to fit the need and situation at hand. For example, you may choose to skip entire chapters/test in order to focus on a desired topic. Or, you may want to limit the number of test questions due to time limitations. Use the material to your best advantage.

In addition to the textbooks, many of the courses have **video classes** that can be used in classrooms or in private study. We have devoted large resources to the editing of the videos to include outlines, Bible verses, and multimedia material. The videos (except for the *Mastering the English Bible* series) are available for free viewing and download.

### **First Step**

- Review any associated PowerPoints and/or Videos and consider if you want to incorporate them in your studies. In a church or class setting these can be assigned to be watched and studied at home.

### **Learning the material and taking the tests**

1. Read the related material in the textbook. Read and study any associated Bible passages.
2. View and study any associated Powerpoints. These are packed with firsthand research in museums and onsite visits to locations in Europe, Israel, Turkey, Egypt, Greece, and other places.
3. Watch any associated videos (optional, but recommended)
4. Answer the questions from the "Review Questions without Answers" document. Answering the review questions is the preparation for the tests, as the tests are taken from the review questions. The review questions are geared to focus on what we consider to be the most important part of the material. Do your best to answer the review questions without consulting the answers. If necessary, find the answers in the textbook.
5. Compare your answers to the "Review Questions with Answers" document.
6. When you can satisfactorily answer the Review Questions for yourself it's time for testing.
7. Take the related test.
8. Score the test.

If you have questions or comments please contact us at the email address below.

---

The Way of Life Bible College is a curricula of courses. Way of Life Literature publishes a full range of Bible courses. Each course consists of a textbook, an overview sheet, review questions, tests, and test scoresheets. Many of the courses also feature class videos and PowerPoints.

The overview sheet, review questions, tests, and answer keys come as a free Course Material Download.
