<u>Quiz #</u>	<u>Grade</u>																																																						
#1 Ezekiel 5:5	_____																																																						
#2 Micah 3:12	_____																																																						
#3 Deuteronomy 10:12	_____																																																						
#4 Romans 1:16	_____																																																						
#5 Psalm 49:6-7	_____																																																						
#6 Ezekiel 37:11	_____																																																						
#7 Isaiah 35:10	_____																																																						
#8 Psalm 78:68; 87:2	_____																																																						
#9 Isaiah 65:25	_____																																																						
#10 Jeremiah 30:11	_____																																																						
Average Grade: <i>Add up all quizzes, divide by 10</i>	_____																																																						
_____ <i>Signature of Student</i>																																																							
_____ <i>Signature of Teacher</i>																																																							
<u>Test</u>	<u>Grade</u>																																																						
Test #1	_____																																																						
Test #2 (Midterm)	_____																																																						
Test #3	_____																																																						
Test #4 (Final)	_____																																																						
Average Grade: <i>Add up all tests, divide by 4</i>	_____																																																						
 PROJECTS																																																							
<u>Project</u>	<u>Grade</u>																																																						
Article #1 Past	_____																																																						
Article #2 Present	_____																																																						
Article #3 Future	_____																																																						
Average Grade: <i>Add up all articles, divide by 3</i>	_____																																																						

To calculate the final grade for the class, follow these two steps:

STEP 1:

Plug in the average grades into this formula:

_____ x .15 = _____ (#1)

(Avg. grade for all **quizzes**)

_____ x .75 = _____ (#2)

(Avg. grade for all **tests**)

_____ x .1 = _____ (#3)

(Avg. grade for all **projects**)

STEP 2:

Add 3 products together for the final grade:

(#1) _____

(#2) _____

+ (#3) _____

(Final Grade)
