# THE PORNOGRAPHIC AGE AND VICTORY IN CHRIST - MEMORY PROGRAM

## INTRODUCTION

“Blessed *is* the man that walketh not in the counsel of the ungodly, nor standeth in the way of sinners, nor sitteth in the seat of the scornful. But his delight *is* in the law of the LORD; and in his law doth he meditate day and night. And he shall be like a tree planted by the rivers of water, that bringeth forth his fruit in his season; his leaf also shall not wither; and whatsoever he doeth shall prosper” (Psalm 1:1-3).

This memory verse program is a companion to *The Pornographic Age and Victory in Christ*, which is a Way of Life Bible College course.

We also publish a *Memory Verse Journal* that is intended for general use.

[https://www.wayoflife.org/free\\_ebooks/memory\\_verse\\_journal.php](https://www.wayoflife.org/free_ebooks/memory_verse_journal.php)

If there is one thing we can do to strengthen the lives of individual believers, homes, and churches it is to seriously increase the biblical depth of the congregation. “For every one that useth milk is unskilful in the word of righteousness: for he is a babe. But strong meat belongeth to them that are of full age, even those who by reason of use have their senses exercised to discern both good and evil” (Heb. 5:13-14). In my experience and observation, the vast majority of church members even in the most conservative churches are not serious Bible students. They are not skillful in God’s Word and do not have their senses exercised. If the people would become skillful in God’s Word, they would be more spiritually minded, more serious in prayer, more faithful to the house of God, more separated from the evil things of the world, wiser in every aspect of living, wiser in building godly homes and training their children, more zealous for the salvation of souls and the fulfillment of Christ’s Great Commission. The Word of God has the power to do all of this.

The goal of this memory verse program is to help the believer hide God’s Word in his heart (Psalm 119:11) and to meditate on it in an effectual, practical way. God doesn’t want His people to read and memorize the Scriptures in a robotic or parroting fashion. Everything is to be done with understanding. See Psalm 47:7; 1 Corinthians 14:15, 19; Colossians 1:9; 3:16.

Meditating on a verse or passage of God’s Word effectually begins with understanding its meaning. This requires the application of the fundamental principles of Bible interpretation (e.g., context, comparing Scripture with Scripture, defining the words, literal vs. allegorical, understanding figures of speech) and the wise use of Bible study tools (e.g., dictionary, concordance, *Treasury of Scripture Knowledge*, commentary). A basic education in these things can be obtained from *The Effectual Bible Student*. This 12-

hour video course, accompanied by a textbook, is available for free viewing and download from [www.wayoflife.org](http://www.wayoflife.org). A more advanced course is *Understanding the Bible for Yourself*, [www.wayoflife.org](http://www.wayoflife.org). The more the child of God invests in pursuing this type of education, the better he will understand the Bible.

Memorization and meditation go together. By memorizing a verse, the believer can then meditate on it as he goes about his daily life. He can ask himself, what does this verse mean? What are its main lessons? What does this mean for my daily life?

The memory verse program is accompanied by a list of memory verses that are carefully selected for edification, encouragement, and moral purity.

The student should do the following things:

1. Print this PDF. It contains the introduction and memory verse list plus 52 copies of the worksheet . That makes a one-year journal.
2. The first thing to do each week is to write out the memory verse. The act of writing has an important role in memorization.
3. Memorize the verse as quickly as possible, the first day preferably. This is so the student can meditate on it throughout the rest of the week. Memorization and meditation aren't the same, but they are intimately associated.
4. Answer the questions as best you can on your own: What is the main meaning of the verse in your own words? What are other verses that help me understand this verse? (Use the *Treasury of Scripture Knowledge*.) What are some things this verse teaches me about God? What sins do this verse reprove? What are some things this verse teaches me about myself and my daily life? What are some other lessons from this verse?
5. Use the memory program daily, trying to add more answers to the questions. Don't be content with spending only a few minutes each week answering the questions. The more you put into this, the more you will get out of it.
6. After you have tried your best, don't hesitate to seek help from commentaries, friends, etc.
7. Find a partner to whom you can repeat your memory verse each week. You can discuss the memory verse program together and learn from one another. Be a zealous Bible student, and it will pay great dividends.

In our church, each week in the main service we have someone read from their journal from the previous week to give the people ideas about how to answer the questions. We choose individuals who are most capable of performing this task. We urge all of the people to bring the journals to the service and jot down new ideas they get from others. Then, as a congregation we repeat together the verse for the coming week several times.
