<u>Quiz #</u>	<u>Grade</u>																																																	
#1 Books of the Bible	_____																																																	
#2 Matthew 1:23	_____																																																	
#3 Mark 10:45	_____																																																	
#4 Luke 9:51	_____																																																	
#5 John 8:58	_____																																																	
#6 Matthew 20:28	_____																																																	
#7 Mark 10:27	_____																																																	
#8 Luke 24:27	_____																																																	
#9 John 1:1-2	_____																																																	
#10 Matthew 26:39	_____																																																	
Average Grade: <i>Add up all quizzes, divide by 10</i>	_____																																																	
<u>Test</u>	<u>Grade</u>																																																	
Test 1	_____																																																	
Test 2	_____																																																	
Test 3 (Mid-term)	_____																																																	
Test 4	_____																																																	
Test 5	_____																																																	
Test 6 (Final)	_____																																																	
Average Grade: <i>Add up all tests, divide by 6</i>	_____																																																	
<u>Projects</u>	<u>Grade</u>																																																	
Matthew Outline	_____																																																	
Angel Project	_____																																																	
Average Grade: <i>Add up all projects, divide by 2</i>	_____																																																	

To calculate the final grade for the class, follow these two steps:

STEP 1:
Plug in the average grades into this formula:

_____ x .2 = _____ (#1)
(Avg. grade for all **quizzes**)

_____ x .6 = _____ (#2)
(Avg. grade for all **tests**)

_____ x .2 = _____ (#3)
(Avg. grade for **projects**)

STEP 2:
Add 3 products together for the final grade:

(#1) _____

(#2) _____

+ (#3) _____

(Final Grade)
